

Clinton's Welfare 'Reform' 20 years later... **STILL a Disaster**

20 years ago, on August 22, 1996, President Bill Clinton signed the racist, sexist, immigrant bashing, anti-child, welfare reform into law. Hillary Clinton supported it. Since then we have been **suffering**.

- **No entitlement.** It used to be, if your income was low, you could get help. Now it's up to the "discrimination" of the county.
- **5-year lifetime limit** on welfare - even for children.
- **Family cap** that punished babies for being born. (The Welfare Rights Committee overturned this in Minnesota!)
- Work requirements and **workfare**, but **not** decent jobs with living wages .
- **Sanctions.** Drug tests. Cuts to immigrants.
- **Cuts to food stamps.** 3-month limit in a 3-year period for most adults.
- **Money going to agencies**, instead of to **our families**.

In 2016, the Welfare Rights Committee is fighting for our bill to **Give Aid to All in Need**. Our **GAAIN** bill would give money to people who hit the time limit and everyone who **can't get any help at all**.

The Welfare Rights Committee has been fighting, and sometimes winning, in forcing the state of MN to stop some of the worst parts of Clinton's Welfare Reform. But we still say it is bad for children and families and must be undone.

**We demand
Hillary Clinton
pledge to
overturn
the Clinton
Welfare Reform!**
