

January 3, 2017. Opening Day at the MN capitol.

Day of Reckoning

Tell MN politicians,

Stop the War on the Poor!

On Tuesday, January 3, 2017, the politicians start back at the MN State Capitol in St. Paul. Let's be there when they walk in the door. We are sick our people being homeless and suffering, with next to nothing to live on. Lots of us in need can't get any help at all. We are sick of government "Of the Rich, By the Rich and For the Rich." The Welfare Rights Committee will push for our idea for new state laws to ...

Give Aid to All in Need. Double the Welfare Grants.

To hell with
Trump's agenda.

The Welfare Rights Committee is ready to fight against every racist, sexist and disrespectful attack on our families. We know that some backward idiots are all hyped by Trump's election. The Welfare Rights Committee will stand up to fiercely to each and every attack that these right wing jerks try to throw at us.

This is a
time of reckoning!

Protest
